**Next meeting Sunday
June 2nd, 2019 – 10am**

Hi Everyone!

It's riding season – finally. Time to put on the miles! June Open House and FREE Test Rides coming up quick here – June 1st and 2nd. The Harley-Davidson Demo Truck is going to be filled with 2019's to ride. Check your emails for a list of all the models!

July 13th we will be having Uke's Swap Meet. If you are interested in signing up please email Brenda@ukeshd.com.

Just a friendly reminder, we are now asking everyone to show their current Kenosha HOG card when making a purchase.

2.99% financing on New Touring and Softail Models ends June 10th, 2019. Do not wait! Some restrictions apply.

Extend the life of your Parts & Accessories with the Custom Coverage Program. You will have a 2 Year Warranty on Parts and Accessories, which we install, within 60 days of the purchase of your new Harley-Davidson. Definitely worth keeping in mind considering the warranty on most parts and accessories is 90 days.

Safety when riding a motorcycle is imperative. Not just that we are looking in our mirrors and having a bright headlight, but another aspect to your safety - Extended Service Plans. Every season we have many discussions on costs to repair vehicles such as leaking oil or other major repairs. There is no such thing as a convenient repair, most unforeseen things will happen at the worst of times. However, just like carrying insurance or seeing your doctor allows you to be better prepared for what could happen, an Extended Service Plan is the best insurance for you and your Harley-Davidson. Yes there are costs to these plans which Barb, in our Business Office, can answer about coverage, duration and costs. There is also a Wheel & Tire coverage offered that, with this insane weather we are having, could be a real benefit to you and your Harley.

Ride Safe,

The Uke's Team

From the Director - Kevin Klee

Directors Notes:

Director's Notes:

Wow - May is gone! Come on Summer!!

Thank you to all who came to the Bike Blessing if you gave of your time as a Road Captain, LOH, Officer or member and helped during the event you have my sincere thanks. Thanks to all the crafters or those who made donations for the raffle baskets, we are surrounded by some truly talented and generous people. Without such help the chapter will not continue to be the great chapter it is and has the potential to be.

Another cold and rainy Memorial Ride for four bikes, but a number of four wheelers rounded out the group. The Memorial Service is always a tear jerker for me, as you may have seen on Facebook. Many of the names we read carry fond memories and it is such a wonderful tribute each year as we honor them each year. The new location provided a pretty ride that was initially created by Jim "Moses" Urban and that carried

much significance to the ride. If you have never participated in the Memorial Weekend give it a try next year. After the service many had fun at **On Tap** playing bags. While some made holes in one others tried to take out the lights. **Don't worry Melissa I will not tell anyone!** We did get hustled though by some young guns however, but we still had a laugh or two. Afterward a nice relaxing soak in the hotel hot tub was shared by a few! Talking over old times and wondering what the future may bring.

We also make no claim to the accuracy of the material in this publication.

The memorial flag added an additional two names in the week of the ride. We lost long time members Shirley Herzog and Ray Stumpf. To the chapter members who went to Aurora Hospital and saw Shirley, you made her day. She bragged to anyone who would listen that the **ENTIRE HOG Chapter** came to see her and boy did she love the farewell of screaming pipes. This is why I love this chapter. You may not have known Shirley but you took the time to make a dying lady happy! **THANK YOU.** The same thanks goes out to the chapter members who visited Ray. The comfort that provided Ray and his wife Paula is immeasurable.

Thank you to all the chapter members who took the time to escort Shirley to her final resting place. I am sure her husband Al "Old Fat" was smiling down on that procession.

I look forward to Uke's Open House Weekend. Please consider spending some time working the concession stand or with the Raffle basket Tent or maybe doing demo rides . Your volunteering some time is greatly appreciated!

I know there are a number of rides planned for the summer and a few with CUSTARD so let's get out and RIDE!

Kevin

Minutes by Melissa - Melissa Hawver

Paul-

If anyone has steel holding pans.. or see them while rummaging- please consider donating them to the chapter!

Gean-

For everyone who was able to help or participate in the Bike Blessing, thank you!
Thank you especially to Donna and Jim Halverson, Beth and Kevin for your donations!

If there is anything you need from Pampered Chef, you still have time to order! Also please tell your friends and family! Kenosha Hog will get 20% of the proceeds as a fundraiser. Please use the link:

<https://www.pamperedchef.com/party/kenoshahogchapter> Party closes June 10th!

Uke's open house is 6/1 and 6/2- we will be providing vending- brats, hog dogs.
Please consider volunteering to help out with cooking, raffles, etc!

The Culver's in Kenosha on 52nd street will be having a chapter challenge on Tuesday May 28th. Please consider going. Stay tuned for more details on the event!

Beth-

We got 70 ads for the stamp book!
Please buy one for \$5 and spend your Summer patronizing the businesses!

Gym-

If you have not done so yet, please get your mileage to Gym for the Ride 365- please pull him aside during a meeting or event or take a picture and send it to him!

Upcoming rides will be on color coated sign-up sheets in the Hog Room. This is only for the purpose of the road captains knowing how many people are interested in the ride- so they can be prepared with enough road captains for the ride.

Please download the Black and White HOG app for iPhone or android. It has monthly challenges and access to rides in the area.

Road captains have been challenged with coming up with spontaneous rides- especially after meetings- stay tuned!

We are looking into a "Remind" app where you can "opt in" to be alerted of a spontaneous ride a road captain is going to lead

Also stay tuned for upcoming dinner and fish fry rides

Remember to Ride and Have Fun!

From the Treasurer - Beth Cleveland

We got 70 ads for the stamp book!

Please buy one for \$5 and spend your Summer patronizing the businesses!

Membership - Gary Quedenfeld

Please call or email me anytime if you have any questions. If you hear that someone is not getting the newsletter, please have them reach out to me to check in on their Chapter membership.

Thanks,

Gary Quedenfeld

Safety - Bob Clampit

FREEDOM...

It's why we ride and quite frankly nobody is going to change that.

It's the freedom to choose the next twisty road that catches our interest and follow it to the whatever awaits at the other end. The intrigue of these discoveries never ceases to feed the the soul and keep the flames of discovery alive in our collective souls.

The roads are calling, get on your ride and enjoy, but let's take a few moments to consider some pretty important considerations...

Ahhh, summer, need any more be said? Well actually yes, this is the time of year where we really need to be aware of the concerns this time of year brings.

Heat it's what chases the chill of winter away, it's our friend, right? It is, when we remember the challenges it demands, and we never forget.

We all love our tee-shirts and most of us can be found wearing those black tees that we gather wherever we travel. Let's face it, it's part of our mystique! I rode down to New Orleans a couple of years ago during what turned out to be one of the heat waves that scorched us that year. I remember listening to the news broadcaster mention the difference between a black shirt and a white one is 26 degrees of heat on the body! Think of that the next time you are looking at your clothing selection for the day, it really can be the difference of a comfortable day and a blistering one.

Sunscreen of at least SPF of 30 or above is recommended when we are going to be in the sun for prolonged periods of time. It's okay to share it with those who don't have any with them.

This is also the time of year that we remember to stay hydrated as the sun lays its demands upon our body. Do you have place on your ride for a water bottle? If not it's a smart idea to get one or two, especially if you ride two-up. When riding in a group it's a good idea to remind everyone to get a bottle of water or Gatorade and be sure to drink it up at each stop. Heat stroke is nothing to play games with because Mr Sun wins every time. We really need to watch out for each other on these occasions it can be the difference between life and death!

Heat stroke is the most serious form of heat injury and is considered a medical emergency. If you suspect that someone has heat stroke -- also known as sunstroke -- call 911 immediately and give first aid until paramedics arrive. While waiting for the paramedics to arrive, initiate first aid. Move the person to an air-conditioned environment -- or at least a cool, shady area -- and remove any unnecessary clothing.

We all love our freedoms but let's not forget our responsibilities! Stay safe and enjoy your ride!

Bob Clampit
Safety Officer
