Well as I am writing this I'm saying goodbye to everyone in my mind & crying. This will be the last meeting that Al & I will attend.

I want to thank every single member of this chapter for all the memories & good times you have brought into our lives. The friendships that we have made will last forever I'm sure of that.

Thank you Keith & Nanc for giving us this wonderful family. I say that because we have met people that we otherwise never would have and you've all become family to us. I've seen over the years the way all of us rally around to protect & help those that have needed it. We have also experienced this for ourselves this past year. I've always been on the giving side of need but never on the receiving side before and the love & support that we received last year was unprecedented in my life. You all will never know just how much it means to us the way you were all there to help me after Al's stroke. I never had to worry about anything except taking care of Al because you all had it all under control. Thank You Paul for your direction to those that helped.

Sorry this is so long. There are so many things & memories we will take with us.

**Thanks!
Brenda Thompson**
